IVC FILTER (Inferior Vena Cava Filter)

An IVC Filter is a spider-like wire device that is implanted in the largest vein in the body to catch blood clots before they get into the lungs. If the temporary filters are not removed, they can fracture, migrate, perforate internal organs and cause life-threatening side effects.

Boston Scientific Corp, expects to pay about \$119 million to resolve 2970 cases in its first settlement agreement.

INVOKANA / INVOKAMET

Invokana and Invokamet are prescribed to adults with type 2 diabetes mellitus. As recently as May 2015, the FDA issued warnings that these drugs may lead to an increased risk for kidney failure, heart attack and the serious health condition ketoacidosis, which can cause diabetic comas or death.

XARELTO® / PRADAXA® / ELIQUIS®

These anticoagulants (blood thinners) may put patients at risk for irreversible and life-threatening internal bleeding, stroke or even death. Some of these lawsuits also allege that the drug manufacturers failed to adequately warn patients and doctors that no reversal agent exists to stop the blood-thinning effects of their drug.

TRANSVAGINAL MESH (TVM)

Transvaginal Mesh is an implanted surgical device implanted in women with pelvic organ prolapse (POP) or stress urinary incontinence (SUI) to strengthen weak or damaged tissue.

Women with TVM may experience infections, bleeding, scarring, and may need additional surgeries to correct the original implantation.

Reuters recently reported that the medical device maker,

RISPERDAL® (Risperidone)

Risperdal® (risperidone) is an antipsychotic medication prescribed for schizophrenia, autism and bipolar disorder. Among the allegations in many Risperdal® lawsuits are claims that the use of this drug has caused boys and men taking it to develop breast tissue (gynecomastia).

ZIMMER PERSONA KNEE IMPLANT

Patients who were implanted with the Zimmer Persona Knee have experienced serious problems such as premature loosening, persistent knee pain/swelling and even the need for revision surgery.

UBER CLASS ACTION LAWSUIT FILED IN NEW YORK SUPREME COURT

The complaint was filed on behalf of two New York UBER drivers against UBER Technologies Inc. and Raiser, LLC (collectively "UBER") alleging UBER withheld tips earned by the drivers and incorrectly classified the drivers as independent contractors to avoid reimbursing drivers for costs associated with driving for UBER.

CLASS ACTION FILED ON BEHALF OF WHOLE FOODS CUSTOMERS

The class action complaint alleges that in June 2015, the New York City Department of Consumer Affairs (DCA) investigated Whole Foods and the investigation revealed that Whole Foods systematically overcharged its customers for pre-packaged food by mislabeling the weight of the product.

CLASS ACTION FILED AGAINST VOLKSWAGEN GROUP OF AMERICA, INC. AND VOLKSWAGEN AG

Volkswagen's Misrepresentation Regarding their "Clean Diesel" System.

Volkswagen employed sophisticated software in affected vehicles that detected when the vehicle was undergoing official emissions tests before turning on full emissions controls to ensure the vehicle would pass emission scrutiny.

GENERAL MILLS, INC. CLASS ACTION FILED

General Mills (GM) has recalled and/or is recalling approximately 1.8 million Cheerios and Honey Nut Cheerios boxes, which GM advertised, labeled, and warranted as "gluten-free", on the basis that wheat flour was introduced into GM's gluten-free oat flour system.

AVIATION ACCIDENTS

Commercial and non-commercial airplanes crashes are most often deadly for all crew members and passengers on board. People on the ground may be at risk of serious injury or death as well.

Aside from the government investigation, our team works with the premier aviation experts in the world to reconstruct the accident, analyze the failures that may have caused or contributed to the accidents, and analyze human aspects of the accident and associated factors.

MESOTHELIOMA / ASBESTOS-RELATED DISEASES INCLUDING LUNG CANCER

Exposure to asbestos causes mesothelioma and lung cancer but it may take these diseases 15 to more than 30 years to develop. Individuals may not even be aware they were exposed.

We will determine the source of the asbestos exposure and the parties responsible. The amount of the damages recovered depends on the individual situation, but some juries have awarded asbestos victims millions of dollars.

Lung Cancer and/or Mesothelioma, and over 65 years old? We Can Help.
